

# Intelligent Tutoring System for Java Programming - variant 1 (Progress Slides, meeting 4)

Miruna Pirvulescu

A large red speech bubble with a white outline, pointing downwards. It contains the text "Since our last meeting" in white. The background of the slide features faint, curved, concentric lines in the top-left and bottom-right corners.

Since our last  
meeting

■ Until today:

- ❑ Have the BSPR finalised and submitted,
- ❑ Build the Intelligent Tutoring System,
- ❑ Have a good (but not final) ontology model,
- ❑ Insert the ontology into the ITS;

## Current Barriers

- Main concern: how do I send this web application to other people for testing? This will be extremely relevant for the final submission as well!

# Next Steps

- Before next time:
  - ☐ Finish the implementation of the ontology,
  - ☐ Have a strong draft for the final report,
  - ☐ Test the project.
